

SNHU

— HOMECOMING —

— 2026 —

ON-DEMAND

Friday, October 15 – Sunday, October 18

Celebrate Homecoming your way, anytime and anywhere! Whether you're joining us from your favorite campsite, your backyard, or your living room, use this sample schedule to experience the spirit of Homecoming at your own pace.

WELCOME TO CAMP HOMECOMING

Kick off your Homecoming adventure with a [special welcome message](#) from University President Lisa Marsh Ryerson and get ready for a weekend of connection, exploration, and fun.

HOMECOMING ADVENTURE CARD

Connect with the SNHU community wherever you are through a variety of camping and SNHU-themed activities.

See how many Homecoming Bingo activities you can complete! Open your [adventure card](#) to start exploring, and share your adventure with fellow campers using [#SNHUhomecoming](#).

TAKE A HIKE! VIRTUAL WALK, RUN, OR ROLL

Our take on an SNHU Homecoming favorite is back! Lace up your hiking boots, running shoes, or walking sneakers and hit the trail for this year's virtual walk/run challenge. Inspired by the spirit of camping and outdoor adventure, you can choose your own route, set your own pace, and explore wherever your trail takes you.

Everyone is welcome. Run, jog, walk, or roll (using a wheelchair or other mobility device) on a course that works for you. Select your distance and complete your journey at your convenience: **½ Mile, 1 Mile, 3K, or 5K.**

PAINT THE OUTDOORS

Relax around your creative campfire and [paint a nature-inspired masterpiece](#).

Estimated Time: 2 hours

Supplies Needed

- 1-inch rectangular brush
- Small rectangular brush
- Small pointed brush
- Small cup of water
- Well-lit workspace
- Paper towels or napkins
- Acrylic or tempera paints in black, white, red, yellow, blue, and green
- 8x10" canvas (or similar size)

Share your finished masterpiece on the SNHU Homecoming Facebook event page or tag [#SNHUHomecoming](#)

VIRTUAL STARGAZING

End your Homecoming adventure beneath the stars. This virtual experience invites you to embrace the spirit of exploration at the heart of Camp Homecoming.

Stellarium

Free, open-source planetarium software used for live exploration of the night sky.

NASA Image and Video Library

Searchable collection of images, videos, and other multimedia resources.

Galaxy Zoo

A citizen-science project where participants help classify galaxies and contribute to astronomical research.
